

IRIDE
round table

The Iride table is characterised by a distinctive base that shows the alternation of textured 3D rings. The game of colours creates a strong contrast and highlights the presence of the two finishes in the most original colour combination for your dining area. The column ends with a chrome-finished steel plate characterised by colour reflections. Available in round and oval versions for spacious rooms.

The picture shows the round Iride table in black M. 16 with scagliola Materico texture and embellished with Soft edges in F.84 mustard yellow finish.
