

OPERA'
side tables

Side tables in two heights to create a nest effect with stacked tops and matching finishes. The vibrant artistic decoration is paired with manually applied gold leaf. The oxidised effect of the central base adds character with a bold aesthetic impact. To achieve the very best results, the tables can be positioned as a pair, but they can also be used individually, to the sides of a sofa or armchair, where they play both a functional, aesthetic role.

In the pictures, Operà Side tables featuring texturised scagliola and gold leaf details.
