

FLOW
decorative panel

Panel for vertical wall decorations, with abstract, textured flow concept, created in scagliola fine plaster with bright shades, enhanced with contouring in brass foil to enclose the contrasting colour sections. The dynamic composition radiates outwards, while the texture contributes to creating a three-dimensional effect of depth. The choice of colours and shapes are subjective and can be tailored to customer requirements.

In the pictures, Flow decoration panel in textured scagliola and brass foil.
