

VITAE
rectangular table

The Rectangular Table of the VITAE collection consists of a top artistically decorated with coloured scagliola technique featuring a shaded and vibrant effect and golden lap. The games of colour intersect and run along the rectangular top with rounded corners installed on four bases decorated with a sculptural effect. Available four colour versions that respectively reflect the four natural elements: Fire, Air, Earth, and Water. The charming characteristic of Vitae is the glorification of textures and colours, a project that shows extraordinary manual skills and high artistic craftsmanship present in every Cupioli creation.
